Protein & Transfer Electrophoresis
FL-PG Mini01 FL-PG Mini04

- FL-PG Mini01 Precast Gel Electrophoresis Tank

* **Truly compatible with precast gels from numerous domestic and international brands, such as BIO-RAD TGX.**

- FL-PG Mini04 Precast Gel Electrophoresis Tank

* **Compatible with BIO-RAD TGX and other precast gels.**

Features

- Capable of running 1–2 precast gels simultaneously, completing electrophoresis of two mini precast gels within one hour.

Technical Parameters

Gel Quantity	1-2 pieces
Buffer Volume	Inner tank 130 mL; Outer tank 750 mL
Overall Dimensions	16×11.5×15cm

Standard Configuration

Name	Unit	Quantity
Electrophoresis Tank Lid (with cables)	SET	1
Electrophoresis Tank Lower Shell	PC	1
Electrode Core	PC	1
Electrode Inner Core Frame	SET	1
Single Gel Baffle	PC	1
Gel Spatula	PC	1

Features

- Runs 1–4 precast gels at once; completes 4 mini gels in 1 hour.

Technical Parameters

Gel Quantity	1-4 pieces
Buffer Volume	700 mL for 1-2 gels; 1000 mL for 4 gels
Overall Dimensions	6×12×18cm

Standard Configuration

Name	Unit	Quantity
Electrophoresis Tank Lid (with cables)	SET	1
Electrophoresis Tank Lower Shell	PC	1
Electrode Core	PC	1
Electrode Inner Core Frame	SET	1
Single Gel Baffle	PC	1
Gel Spatula	PC	1
